John G. Johnson has been entertaining his nicce from Canton, Mass.

The popularity of the picture houses, which aumber approximately 20,000, with the American public is attested by the fact that the attendance ranges from 15,000,000 to 20,000,000 every day. This tremendous patronage in itself testifies to the fairness of the price that exhibitors have been charging for this class of entertainments. Only the great volume of business has made it possible for the picture exhibitors to ge any profit at all, so heavily have they been taxed, and now more imports are to be af-A new truck has been purchased by the city water department. THERE are August afternoons, and evenings, too, when schedule your Single-Six demonstration for such a time?

How Easily It Handles! How Smoothly It Rides!

In inviting you to ride with us this month in a Packard Single-Six, we want to follow a route of your own choosing.

Pick a road that is rough and hilly, for there the Single-Six ease of riding is emphasized by the absence of jolt and sidesway common to other lightweight cars.

Drive through downtown streets where cars crawl, fender to fender, in the busiest hours, and observe how effortless is the control, how sensitive the accelera-

action under quick spurt and sudden stop. Glide up to a crowded curb, and note how gracefully the Single-Six noses into its small space without a shift of its gears or a scratch

tor, how smooth and unlabored the engine's

And take a long ride of fifty or more miles that you may enjoy the restfulness and room

that there is in this perfectly balanced and spaciously bodied car.

on its paint.

We ask yen to call at our salesroom, or write or telephone, for a demonstration, that you may share, with more than four thousand Single-Six owners, an honest appreciation of the Single-Six-its performance, its economy, its comfort, its fineness.

August Is Single-Six Demonstration Month
